HON. HARRISON P. TAYLOR SUCCEUMS TO PNEUMONIA

Considered One Of Western Kentucky's Most Prominent Attorneys At Law

Hon. Harrison P. Taylor died at his residence on Main street, this city, at 3 a. m. Monday, May 17, 1920, after an illness of only two days of double pneumonia. He had never entirely recovered from the shock caused by his wife's death, last December, and recently spent a vacation in Florida with the hope that he might regain his health.

Mr. Taylor was born July 9, 1859 and was the son of Dr. Henry Pirle Taylor and the grandson of Hon. Harrison D. Taylor, pioneer attorney and financier of this county. He was married to Miss Mary Pendleton, Oct. 22, 1884, and to this union were born one son, John Pendleton Taylor, now living in Hartford, and one daughter, Sally Taylor who is the wife of Dr. Woolfolk Barrow, a prominent physician of Lexington, Ky.

For many years, Mr. Taylor has been considered one of the most prominent members of the bar in Western Kentucky, having been attorney for the I. C. R. R. Co., during the past 35 years and for the Central Coal and Iron Co., for 20 years or more. He was a lifelong Democrat and represented the Fourth Kentucky District in the Democratic National Convention at Denver in 1908. During the World War he was very active in his support of all patriotic movements, and served as Chairman of the Speakers Bureau in the Liberty Loan Campaigns.

The funeral was conducted at the residence at 10 a. m., Tuesday, after which the remains were interred by the side of his wife in Oakwood cemetery. In the presence of an immense congregation of mourning friends.

COMMENCEMENT

Graduating exercises of Hartford High School closed, last Thursday night with a splendid program. Dr. Tugert, of Kentucky State University, delivered the address of the evening. His subject, Americanism, was presented in a masterly manner.

The medal offered to the student making the highest average for the year, was presented to Hulbert Crowder, son of Mr. H. C. Crowder. The orations delivered by Mr. Powell Tichenor, and Miss Martha Pate, members of the graduating class, were splendid and won the applause of all present.

The programs of the entire week were well arranged and splendidly presented, not a hitch occurring anywhere. The musical numbers rendered each night were no small factors in the success of the Commencement.

ILER-MOORE

The marriage of Miss Hettie Iler, age 21, and Mr. Clarence Moore, age 22, was quietly solemnized at the home of the bride's brother, Mr. Roy Iler, in Owensboro, Wednesday, May 12. Rev. C. C. Gregory, pastor of Settle Memorial church officiating. Only near relatives of the bride and groom and a few friends were present.

Mrs. Moore is the daughter of Mr. J. B. Iler, of Owensboro, but formerly of near Hartford. They will make their home in Owensboro.

EXAMINATIONS

Examinations for Common School Diploma were held at three points in the county, last Friday and Saturday. Supt. Howard conducted the examination at Hartford; Mrs. S. O. Keown, the one at Beaver Dam; and Mrs. Birdie N. Midkiff, the one at Fordsville.

The Teachers' examination will be held at Hartford, next Friday and Saturday, May 21 and 22.

Mr. and Mrs. Ed Hines are the parents of a 9 lb. boy born Monday afternoon. He will bear the name John Nicholas for his two grandfathers.

Mrs. Herbert Graham, of Narrows who has been ill of tuberculosis for several months, is very low, and not expected to live but a few days.

DRY AGENTS TO SEIZE MAKINGS Ingredients Used In Manufacture of Whisky Are Ordered Confiscated

Roanoke, Va., May 15.—Seizure by field agents of the Bureau of Internal Revenue of all material 'designed to be used in the manufacture of alcoholic liquors' has been ordered by S. R. Brame, Federal supervising prohibition agent for the Southern Division. The division includes the States of Virginia, West Virginia, North and South Carolina, Tennessee and Kentucky.

Mr. Brame's orders as announced by local agents of the bureau, stated that 'not only are materials such as sugar, grain, molasses and malt ingredients to be seized, where sufficient reason exists for the belief that they will be used in the production of illicit alcoholic liquor, but that suspicious shipments also are to be detained.'

BAPTISTS CALL FOR DRY ENFORCEMENT PLATFORM

Washington, May 17.—Resolutions calling on both the Democratic and Republican parties to adopt a plank declaring strongly for the enforcement of the prohibition amendment and not to nominate any candidate for the presidency who is not known to be committed to that policy were adopted by a rising vote of the Southern Baptist convention, in session here.

The resolutions charged that 'the brewers and their paid attorneys are making every possible effort to circumvent and nullify the law by making beer and wine the entering wedge for the return of the saloon.' President Wilson, in a letter to the convention, said it was of special significance and timeliness that a great Christian convention should be held in Washington, because the nation now faces nothing less than the question whether it is to help the Christian people in other parts of the world to realize their ideals of justice and ordinary peace.

'I am sure,' Mr. Wilson wrote, that the nation will listen with the greatest deference to the utterances of the convention.'

ARMY PAY BILL GOES TO WILSON

Washington, May 16.—Enactment of the Army and Navy pay bill was completed with adoption of the conference report by the House and Senate. The measure now goes to the President.

As finally agreed on, the bill carries \$418,919,141, an increase of \$42,153,317 over the House measure. No changes were made by the committee in the House provisions relating to the National Guard. An appropriation of \$10,210,000, an increase of \$2,000,000 over the House bill, was provided for the Ordnance Department.

The appropriation for the Military Intelligence Bureau was increased from \$100,000 to \$400,000. One amendment would authorize American school teachers in Porto Rico and Hawaii to be brought back to the United States on army transports during vacation months.

Another amendment would authorize army transports when space is available to carry civilian passengers and cargo.

CONVICT SEEKING REVENUE ON POLICE CHIEF IS SLAIN

Lancaster, Ky., May 18.—The shooting of Chief of Police L. E. Herron by Robert Stranger, a negro, five years ago, had its sequel in death of the negro at the hands of the officer.

Stranger, just released from prison, had threatened the chief's life, it is said. When the two men met for the first time the negro reached for his revolver, but the officer was too quick. Stranger was grasping the butt of his revolver when killed.

The negro shot Herron through the head in resisting arrest five years ago.

ESTATE OF HETTY GREEN TAXED AT \$28,000,000

New York, May 17.—Mrs. Hetty Green had \$28,000,000 invested in the State of New York and her estate must pay a transfer tax on about \$28,000,000, according to an opinion handed down by the Appellate division of the Supreme Court, reversing a decision of former Surrogate Robert Ludlow Fowler.

MADE BONUS BILL PARTISAN MEASURE

Democratic Members of Committee Barred From Conference at Which It Was Drafted

Washington, D. C.—Partisan consideration of soldier bonus legislation has been denounced in the House by Democrats under the leadership of Representative Henry T. Rainey, of Illinois, member of the Ways and Means committee.

Probably the most serious criticism of the Republican program is due to the G. O. P. plan for raising funds with which to give the soldiers a bonus. Democratic members of the committee who favor bonus legislation propose that the bonus shall be paid by taxation of 'war millionaires'—men who grew rich out of war contracts or business conditions and prices incident to the war. The Republicans, however, insist on raising the money by levying a sales or consumption tax, which would affect every home in America, rich or poor.

Under the latter proposition, it is contended by Representative Rainey and his Democratic colleagues, Congress will give the ex-soldier and sailor a bonus and then take part of it away from him through a tax on the articles he eats or wears. Meanwhile, the excess profits of the 'war millionaires' will be almost undisturbed and the tax will not be paid by those most able to bear additional burdens of taxation.

Representative Rainey pointedly calls attention to the fact that when the Democrats were in control of the House during the war all the great war measures were framed in non-partisan spirit and the Democrats of the Ways and Means and other committees called in their Republican colleagues and sought their advice in framing war bills. In considering the bonus bill, which is in effect a war measure, the Republicans of the House have shut the door on the Democrats, excluded them from committee sessions, and intend to put the bonus bill through as a caucus measure. The G. O. P. leaders called a caucus to thresh out the party's internal wrangles over bonus legislation.

Increases Living Cost

'We propose to tax war profits to meet this request of the soldier boys,' said Representative Rainey. 'The tax proposed by the Republican majority increases the cost of living. The soldier boys and their immediate families and friends will pay themselves one-fourth of the amount of their bonus. In other words, under this selfish desire manifested in the House to protect war fortunes, it is proposed to give them, they say, \$1.25 per day for length of service. It is proposed to give them this with one hand, and with the other hand it is proposed violently to take away from them 25 per cent of that amount.'

'That is the proposition against which Democrats rebel, because we insist on an opportunity to vote whether this adjusted compensation shall be financed out of the poor people of this land or out of those who built up colossal fortunes during the war. The Republican majority refuses to have a vote on that in the House.'

CLAIMS SELF DEFENSE, ACQUITTED OF MURDER

Louisville, Ky., May 18.—Nine months from the day Ernest Downs was shot to death in his soft drink establishment at Highland Park, a criminal court jury acquitted William Decoursey of the murder, the latter proving a case of self defense. Decoursey, on the witness stand, said Downs and he had an argument and in the resultant fist encounter, Downs was choking him and he had to shoot to save his life.

THE THIRD GIRL

Mr. and Mrs. Otis D. Carson, of this city, announce the arrival of a baby girl at this home, Wednesday, May 12, 1920. This is their third girl.

\$69,980 LOOT RECOVERED BY FEDERAL OFFICERS

Two Dead in Battle After Train Holdup Near Chicago; \$5,000 Missing

Chicago, May 18.—In four hours Horace T. Walton, 22 years old, of St. Joseph Mo., robbed a train, stole \$75,000 in cash, killed a policeman, barricaded himself in his apartment, held fifty detectives at bay in a pistol battle in which one was seriously wounded, and died with a bullet in his heart.

Walton held up the mail car of the New Orleans Limited on the Illinois Central Railroad late last night as the train was leaving Kankakee, Ill.

Federal officers were investigating the disappearance of \$5,000 from the satchel in which the robber carried away his loot. The \$75,000 was on its way to a Chicago bank from the Citizen's National Bank of Decatur, Ill. The officers who counted the money after the satchel had been recovered said the total was \$69,980 mostly in packages of \$5,000. The \$20 lacking \$70,000, recovered was given Oscar Bloomquist, a clerk on the mail car, by the robber in payment for the satchel. Bloomquist later turned over this money.

Was Former Mail Clerk

Walton was identified as a former mail clerk of previously good character by C. W. Sims, an officer of the Chicago Young Men's Christian Association. Mr. Sims told police he received a letter from Mrs. L. V. Walton of St. Joseph, stating that her son left home three weeks ago and was believed to be in Chicago. Walton was 22 years old, a high school graduate and a member of the Y. M. C. A., according to word from St. Joseph. His father was said to be on his way to Chicago to claim the body.

Walton boarded the train at Gilman, a few miles from Kankakee, held up five clerks in the mail car, rifled the car and left the train at the first stop in Chicago. When two policemen questioned him he opened fire, wounding Patrolman Wm. A. Roberts, who died later at a hospital. Walton finally was surrounded at his rooming place and was killed in the light that followed. Patrolman Thomas Ferriter was slightly wounded.

SHOWER FOR MISS MILLER

Last Monday night the young ladies' senior class of the Beaver Dam M. E. church, accompanied by their teacher, Mrs. J. T. Vinson, gave a surprise shower to Miss Carrie Miller, who is to be married in June. Miss Miller received several nice presents, which were presented by Mrs. Vinson. It was a very enjoyable evening for all. The class expressed their loss, yet congratulated Miss Miller and wished her a long and happy married life. At a late hour a delicious ice course was served.

Miss Miller is the daughter of Mr. and Mrs. D. Miller and is a charming young lady. Those present were: Misses Katie Beard, Dixie Hocker, Myrtle Stewart, Anna Barnes, Gwendoline Chinn, Mrs. Carrie Parks, Lizzie Peters, Ruby Taylor, Connie Davis, Ethel Stewart, Nora F. Jackson, Mrs. Charles Vinson and Mrs. J. F. Vinson.

AN UNKIND DEED

As the editor and family were coming over in the bus from Beaver Dam, Sunday night, a traveling bag containing \$40 or \$50 worth of ladies' and infants' wearing apparel was lost from the car. After reaching Hartford, the chauffeur returned in search of the missing baggage, but could not at first find it. Later in the night he found it by the roadside, open, with several of the articles of clothing scattered about on the ground, soaking wet from the rain but not badly damaged. We have been told that two Beaver Dam boys accompanied by some girls, found the traveling bag as they were passing in a car, and after opening it and scattering the contents about, left them there to be damaged by the rain. Most gentlemen or ladies would have acted differently.

TAYLOR TIPPED FOR HAIDEMAN'S POST

Louisville, Ky., May 18.—Marion E. Taylor, Louisville, may be made National Democratic Committeeman from Kentucky to serve out the unexpired term of Gen. W. B. Haldeman, resigned.

The matter will be taken up at a meeting of the Democratic State Central and Executive Committees to be held here next week, probably May 22. The committee also will name a secretary at that time, and it is generally believed that Seldon R. Glenn, Eddyville, will be re-elected.

Democrats in convention here nearly two weeks ago failed to name someone to serve as National Committeeman until adjournment of the National Convention, when former Senator Johnson N. Camden will take up the duties for a term of four years. Mr. Taylor was a candidate against Mr. Camden for the honor that went to the latter in the convention, and following his defeat moved that the selection of Mr. Camden be made unanimous.

Should Mr. Taylor or any one else be elected by the State committees to fill out the unexpired term of General Haldeman, he will have the filling of National convention positions assigned to Kentucky, such as doorkeepers, secretaries and sergeant-at-arms. He also will distribute tickets and badges allotted to Kentucky.

LOST BOY FOUND

Kell Carson, member of whose disappearance appeared in our issue of last week, was found by his father at Gaston, Ky., last Saturday evening. He had secured employment on a farm. When asked by his father why he left home, he gave as his reason a desire to see some of the world. Mr. Carson took him on a tour of Camp Knott and then to Louisville, where they attended the races and saw the principal places of interest in that city. The boy said he was perfectly satisfied and was glad to return home.

CLOSES PASTORATE

Rev. R. E. Fuqua closed his pastorate at Mt. Carmel Baptist church, last Sunday, after serving that congregation five years. A large congregation was present to hear the farewell sermon. This church has been fortunate in its selection of pastors in the past several years. Among the roll of pastors are: Rev. J. S. Coleman, Rev. J. N. Jarnigan, Rev. H. T. Bruner, Rev. John A. Bennett, and Rev. O. M. Shultz.

SAW MILL ACCIDENT

Mr. James Truman, of Davidson, was seriously injured, one day last week, while working at his saw mill on C. F. Boswell's farm, about 2-1/2 miles from Narrows. He was filing the saw, when the engineer, not knowing he was anywhere near, started the machinery. Mr. Truman was carried over the saw, his clothing torn in shreds, and a deep gash seven inches long cut in his thigh.

Mrs. L. C. Barrett and little son, Lynn Culley, returned, Sunday, from Stanley, Ky., where they have been visiting Mrs. Barrett's parents, Mr. and Mrs. R. B. Culley, during the past several days.

Miss Winnie Dean Moseley left Friday, for Massillon, Ohio, to visit her father, and will go from there to Cleveland, Ohio, to visit relatives.

Circuit Court adjourned, Thursday morning, after a session of a little less than two weeks. But very few cases were tried this term.

Messrs. John H. Barnes, of Beaver Dam, and E. H. Maddox, of McHenry, R. F. D. No. 1, were callers while in Hartford, Tuesday.

Sgt. E. H. Goodall, World War veteran, now postmaster at Centertown, Ky., was in town on legal business, Friday.

Mrs. L. P. Bennett and little son, Hurschel, of Shinkle Chapel, spent Friday night with Mr. and Mrs. J. C. Bennett.

Miss Ree Igleheart has returned to her home, at Kronos, after spending last week with her aunt, Mrs. Pen Taylor.

BRYAN WARNS OF WET FIGHT IN PARTY RANKS

Sees Chairman Homer Cummings and Gov. Jas. M. Cox as Liquor Aids

Lincoln, Neb., May 18.—William Jennings Bryan turned his political batteries on Homer S. Cummings, chairman of the Democratic national committee and Gov. Cox, of Ohio, in a statement given out here he says:

'The selection of Chairman Cummings to sound the keynote of the Democratic national convention is worse than a comedy. It is a tragedy. It is melancholy beginning if the Democrats have any intention of making a campaign this year. If our Democratic party is to be wrapped in a "wet" shroud, let it be on a wet street safe, and let it be at sea, Cummings is just the person to floundering. But his selection is a serious handicap if the party proposes to appeal to the progressive sentiment of the country.'

"Cox Candidate Disgrace"

Bryan pronounced the Cox candidacy a disgrace. He says:

'The fact that the Democrats of two dry states, Ohio and Kentucky, have instructed for Gov. Cox, and so it proper to consider his position on the liquor question. It is becoming every day more and more apparent that he is the man about whose standard the wet forces will gather. Gov. Edwards is a joke. A drunkard in the last stages of delirium tremors would have sense enough to know that Edwards has no chance of nomination. Senator Hitchcock did not have any chance even before the Nebraska primary, because he had nothing to lose. Gov. Cox is their man and he has fairly won the diskonor that he seeks.'

Liquor Men Assailed

'After disgracing his state he aspires to a position in which he could disgrace a nation. For years the men engaged in the liquor business have been the real anarchists of the country, far more dangerous than the professional anarchists. Gov. Cox has become their candidate.'

'His nomination would make the Democratic party the leader of the lawless element of the country and his election, if such a thing were possible, would turn the White House over to those who defy the government and hold law in contempt.'

'There is no likelihood of his nomination and no chance of his election if nominated. But why should any Democrat be willing to support a man whose nomination would insult the conscience of the nation? For the triumph of prohibition is a triumph of the Nation's conscience.'

MINE FOREMAN AND FIREBOSS EXAMINATION

The Board of Examiners will meet at the office of the Chief Inspector of Mines, Lexington, Ky., on the fifth Monday of May (the 21st) to hold examinations of applicants for Mine Foreman and Fireboss Certificates.

Before any one may enter the Examinations, he must pay a fee of \$2.50 to the Auditor of Public Accounts, Frankfort, Ky., and present the receipt therefor to the Board of Examiners.

MRS. WOODWARD WRITES

New Philadelphia, Ohio.

May 6, 19.0.

Editor Herald: I promised to write to friends at dear old Hartford and tell them about the country, the people, work etc. This is a beautiful little city of 12,000 inhabitants. It has two railroads, the B & O and the Pennsylvania, and interurban cars from Akron to Cleveland, pass through every hour. There is a great deal of work here, but just now, the strike has stopped the shipping of material, and carpenters are laid off till freight can move again.

Mr. Woodward is getting \$7.00 per day, but material on his job, will not last long. We like this country, and the people are very social, but we sigh for the paper from 'our old home town.' I wrote for the Herald to be changed from Hartford to New Philadelphia, Ohio, 425 North Third St. With good wishes, I am

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Toupalik, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief."

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take P.E.-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter P.E.-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, P.E.-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which P.E.-RU-NA is especially recommended.

P.E.-RU-NA can be purchased anywhere in either tablet or liquid form.

There will be sold at Aberdeen, in Butler county, Ky., about 1,400 acres of Coal, Timbered and Farming Lands, known as the Aberdeen Coal Co. Land, and the Aberdeen Ferry, at public auction to settle the estate of the late Mrs. N. J. Wilford. This land is located on Green river, just below Morgantown, and is the land on which the Aberdeen Coal Mine was once operated. It is said that there are good prospects for coal upon it.

There is a good farm in operation upon this land with farm houses and out buildings.

The Aberdeen Ferry is equipped with new ferry boat and will be sold, including ferry house and a small piece of land on east bank of Green river, separate from the main body of land.

Kill the Weeds Without Pruning Plant Roots

That's the kind of cultivation you can do with the disc cultivator we now have in stock. It is a cultivator made especially for shallow or surface cultivation. Besides killing the weeds without injuring the growing crop, this John Deere Disc Cultivator forms a dust mulch that readily absorbs and retains moisture.

We want you to try the foot dodge of this cultivator. Come in, get in the seat and see how easy it is to dodge. The balls pivoted to the arch and the extra long draw-bars make dodging easy, at the same time thorough work is being accomplished.

Notice how easy it is to set the gangs close to or away from the rows—merely turn a nut—how easy to angle and tip the gangs by means of the levers, and to reverse the gangs to in-throw or out-throw.

You will be pleased with the way the extra long flexible pressure and cushion springs cause this cultivator to penetrate the desired depth in either hard or soft soil, and relieve machine of jar and jolt when transported.

The best way to decide just what this cultivator will do for you is to come in and see it and ask us to explain it to you. We will be glad to show it to you.

Canceling Orders For Clothing Causing Wholesalers to Cut Prices to Retailers

Louisville, Ky., May 17.—Rifts in the clouds of high cost of living have begun with the announcement in many parts of the country, including Louisville, that orders for clothing goods are being cancelled.

Prices have been cut by wholesalers in response to a lessened demand.

Woolens, silks and cotton goods are included in the drop, raw silk showing the greatest decrease, with woolens following gradually. Cottons are beginning to be affected.

The retail market here, while slow to react to the change, has begun a slow drop. Dealers predicted a considerable decrease in the price of fall and winter clothing.

The beginning of the decrease.

Louisville merchants said, was precipitated by heavy speculation in raw silk, which had shown a sudden drop on the wholesale market of from thirty-seven to fifty per cent. In the last two months. This drop has already reached the retail market, C. E. Bret, department store head said. Silk shirts, for instance, he said, which have been selling for \$12, \$15 and \$18 are selling for \$10 and under.

F. S. Hunt, superintendent of the Louisville Woolen Mills, said a cut of ten per cent had been made in medium grade woolen goods on orders for the retail market next fall and winter and from twenty-five to thirty per cent on low grade materials.

HALT CALLED ON CONGRESS

Wilson Administers Sharp Reproof for Invasion of Executive Functions

Washington, May 17.—President Wilson pointedly informed Congress that in his opinion the Legislative branch of the Government was showing an increasing tendency to interfere unduly with the exercise of Executive functions.

Taking as a vehicle for his admonition, a sharply-phrased veto of the annual Legislative, Executive and Judicial Appropriation bill, the President declared that one of the riders of the big supply measure would muzzle Executive officials with a "censorship" regulated by the Congressional Joint Committee on Printing.

Immediately the President's position both on the general principle involved and the specific case cited was challenged by Republican leaders of the Senate and House.

Senator Smoot, Republican, Utah, chairman of the Joint Committee, declared in a formal statement that the President apparently had been

"deliberately misinformed" about the appropriation bill, and Representative Good, Republican, Iowa, chairman of the House Appropriations Committee, told the House that "there must be some mistake somewhere."

Whether repassage of the bill unchanged will be attempted, or whether the feature objected to by the President will be eliminated, had not been decided. The measure carries \$164,000,000 for salaries and miscellaneous expenses of many Government departments, and it must be approved in some form by the end of June or these funds will lapse.

"Time to Call a Halt"

The President also cited several other measures enacted or proposed in the present Congress to support his charge that there had been "an invasion of the province of the Executive calculated to result in unwarranted interference in the processes of good Government." He said that some of these measures he had permitted to become law as temporary expedients, but that he felt the time had come to call a halt before "destructive" precedents had been established.

GOVERNOR'S PROCLAMATION

The Governor of Kentucky has issued the following Proclamation:

"The week of May 17th to 22nd is hereby set apart as "American Legion Week" in the Commonwealth of Kentucky.

During this week it is the purpose of the National and State Headquarters of the American Legion to make an energetic attempt to reach every soldier of the Great War for the purpose of enlisting him as a member of the American Legion.

I respectfully urge that every citizen co-operate in this movement; give it all publicity and that every soldier entitled by his service and sacrifice to participation in this order shall enroll himself as a member of this great American Association.

Signed, EDWIN P. MORROW,
Governor of Kentucky.

KINCHELOE FAILS TO GET OHIO RIVER FUND

Washington, May 15.—Representative D. H. Kincheloe Second Kentucky District spoke on the floor of the House against action of the Republican Steering Committee in cutting down the Rivers and Harbors Appropriation Bill from approximately \$27,000,000, to about \$12,000,000.

The Kentuckian made a vigorous but unavailing protest against failure of Republican leaders to insert in the bill the emergency appropriation for \$5,000,000 to be expended in establishing a nine-foot channel in the Ohio River.

Mr. Kincheloe pointed out that such an appropriation has been carried in similar legislation during the Democratic Congress and declared that if the work were continued 'the Ohio River would be one of the greatest arteries of commerce in this country.'

Never Saw Anything Better

For colds that "hang on" and for lingering coughs that follow the "flu," there is one safe family cough medicine sold from the Atlantic to the Pacific. Mrs. A. B. Griffith, Box 154, Andrews, Ind., writes: "Last winter my family all had the 'flu.' I tried Foley's Honey and Tar and never saw anything better. From now on I will not be without it in the house." Don't let children suffer from croup or whooping cough when this reliable remedy can be so easily procured. (Advertisement.)

Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatic pains, stiff joints, sore muscles.

W. W. Wells, Toquig, Mich., writes: "I get great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."

TRANSFER SERVICE!

J. E. CURTIS

I ask the patronage of the citizens of Hartford and the traveling public in general for the following reasons:

During the past 3 years, I have tried to serve you well and have made regular trips between Hartford and Beaver Dam, rain or shine, summer and winter, good roads and bad.

Others have not made regular trips and only serve you in good weather.

I charged you only 50c and war tax, through the winter just the same as in summer.

Others are charging 75c.

I have never failed to give Hartford a good word or do its citizens a good deed whenever the opportunity presented itself.

My cars leave Hartford at the following hours: 4 a. m.; 9:40 a. m.; 12:30 p. m.; 2 p. m.; and 7 p. m. Hartford headquarters at Casebier & Taylor's Restaurant.

I sincerely thank you for the many favors of the past and cordially invite your patronage for the future.

1/4 Of A Cent Will Save Me From White Diarrhoea!

Edgar Briggs, the well-known breeder of high-class Single Comb White Leghorns, and author of the book, "Profits in Poultry Keeping Solved," of Pleasant Valley, N. Y., says: "Just give the chicks Avalon Farms Poultry Tablets in drinking water the first five days when put out, then for a week, starting the 21st day. That will bring them through the danger period."

Protect your flock and your poultry profits from danger of disease epidemics.

Just Give Me

AVALON FARMS

POULTRY TABLETS

Costs only 1/4 of a cent to treat a chick. And it costs only 2 cents to treat any adult chicken, turkey, duck, goose or pheasant. These tablets prevent Cholera and Blackhead from attacking your flocks, and cure if they are now afflicted. They stimulate young chicks' growth, give the strength to resist disease attacks, aid poultry to get the most good out of the food. You should get a supply at once.

We sell them and guarantee them. If they fail to satisfy, we will refund your money

In a recent statement, Senator
Lodge insists that President Wil-
son's letter to the Oregon Demo-
cratic Party justifies all opposition
of the Republican party. Even so,
for the letter, the president gave
"happy and Christian principles to
the problems of the world."

In denouncing President Carranza,
the Mexican people have shown a
decided trend toward better things.
Carranza's insolence in his dealings
with other nations, especially the

civilization.

\$50,000 WILL SUIT COSTS ARE \$20,000

Frankfort, Ky., May 17.—After
spending \$50,000 in costs, heirs of
the late Granville Cecil, who died
in Boyle County in 1915, leaving
1,300 acres of land and personal
property valued at \$50,000, have
submitted the costs of his will
and the Court of Appeals affirmed
the compromise judgment.

Under the will, children, J.
G. Cecil, Emma Anne and Margaret
Embry, receive \$15,000 each and the
income from the estate is divided
among them.

The other cases between heirs
and the executors and trustees, in
which a receiver was appointed for
the home property, "Melrose," was
reversed.

Mr. O. B. Hocker and wife, after
spending three weeks with Mr. Hock-
er's parents, Mr. and Mrs. J. D.
Hocker, of Beaver Dam, Ky., and
other relatives, left for their home
in El Paso, Texas, May 9.

the hour of 12:30 o'clock, upon a
credit of six and twelve months the
following described real estate:

One house and lot in McHenry,
Ohio County, Kentucky, bounded as
follows:

Beginning at D. S. Duncan's S. W.
corner on Howard Street; thence
East with said street 150 feet to
Jane Street; thence North with Jane
Street 150 feet to D. M. Duncan's
S. E. corner; thence West 30 feet
to a stone; thence South 11 feet to
D. M. Duncan's cross E. & W. line;
thence west with said line 87 feet
to D. M. Duncan's cross S. & W.
line at a stone; thence west 33 feet
to a stone; thence south 56 1/2 feet
to the beginning.

The coal and all mineral reserved
to the party of the first part.

The purchaser will be required
to execute bond with security to be
approved by the commissioner, im-
mediately after sale, in two equal
payments, bearing interest at the
rate of 6 per cent per annum and a
lien will be retained on the land
sold as additional security. Said
bonds to have the force and effect
of a judgment.

Given under my hand this the
15th day of May, 1920.

JAILER, WHO FLED OWN CELL, IS RESENTENCED

Frankfort, Ky., May 11.—Fess
Whitaker, jailer of Letcher County,
will be imprisoned six months in his
own jail for escaping from it. The
Court of Appeals, in an opinion by
Judge Quin affirmed his sentence.

Whitaker had a fight with Sheriff
James D. Tolliver and former County
Judge Sam Collins, now rate clerk
for the State Railroad Commission.
Later he had an altercation with Wil-
ley Jenkins, was haled before Judge
Collins on a peace warrant and sent
to jail for three months in charge of
a Deputy Sheriff. Whitaker unlock-
ed the jail door with a key he had
obtained and was indicted for es-
caping, convicted and sentenced to
serve six months.

He appealed and urged that his
first incarceration was illegal. The
court said he was in jail under com-
mitment from a court of competent
jurisdiction and should have used a
writ of habeas corpus instead of a
key to make his exit if he thought
injustice had been done.

TO RESTORE ORIGINAL SCHEDULE JUNE 1ST

The Hustler has learned from a
reliable source that the L. & N. rail-
road will restore the original sched-
ule of the M. H. & E. passenger
train on June 1 so that the train will
leave Elmhurst in the morning and
return there at night instead of leav-
ing Earlington in the morning and
laying over there at night.

This will enable Anton people to
come to this city and do their shop-
ping and transact other business.

IMPROVEMENT OF TOBACCO BY SELECTION OF SEEDS

High prices paid for recent crops of tobacco have stimulated interest in the crop to such a degree that farmers are giving closer attention than ever before to the quality of seeds they sow, with the idea of getting the greatest possible yield and the best grade of leaf. Evidence as to the acreage growers expect to plant becomes apparent early each year at the University of Kentucky Experiment Station at Lexington, where quantities of tobacco seeds are brought for grading.

This work is done free of charge in the Department of Entomology and Botany, where the first lots were received this year at the Seed Laboratory in December, 1919. During this month 5,347 ounces were received. In January, 4,388 ounces were graded. In February, 2,983, and in March 1,755 ounces were graded; making a total for this season of 14,503 ounces, worth, at two dollars an ounce, \$29,006.60. About seventy-five per cent. of the seeds were received in lots of less than a pound. Larger lots were in some instances brought in by persons who had grown them for sale.

Grading is done by machinery and removes light and imperfect seeds, leaving only the large, heavy ones—those that may be expected to produce perfect plants. It is a process of selection, and is believed by farmers to improve the crop decidedly in both yield and quality, a view with which those in charge of the work are inclined to agree, when they remember that the best plants are selected for growth of seeds in the fields.

SECRETARY WILL LEARN

An extremely timely and sane editorial on the value of public opinion has lately appeared in the Southern Agriculturist. It is printed below to get farmers to thinking more about the co-operation that creates public opinion:

Secretary Meredith is a good business man, and a man who knows much better than does Congress what the Department of Agriculture could and should do for the farmer. One Washington newspaper man commented on the Secretary's calm confidence that when he had prepared a businesslike estimate for his Department appropriations, and had the reasons ready to show why each should be made, Congress would make the appropriations as a matter of course. "Secretary Meredith is new to Washington's ways," was his comment on the congressional economy spasm.

The Secretary may be trusted to get acquainted with the ways of Congress; and it is time for the farmers of the country to do the same thing, and especially to let Congress get better acquainted with them. We need more men from the farms and more men with some real knowledge of farm life to represent us in Congress; and we need to be much more active and persistent in letting all our Congressmen and Senators know what we want and what the farm point of view is. The average politician is moved by the presence of public opinion as by nothing else. It is our part to make our views a part of public opinion, as we can do by organizing, and then to let the men who represent us feel the pressure of that opinion.

USE SEVERAL BASKETS

Kentucky farmers are very much interested in the tobacco situation in the western end of the State. The following short article containing a letter from Mr. Carter M. Tanner, President of the Ballard County Farm Bureau, is taken from a recent issue of the Southern Agriculturist:

Putting all of one's eggs in one basket is always a rather risky business. The tenant, the land owner or the community, which grows a single crop, whether it be corn, wheat, cotton or tobacco, will sooner or later get into hot water. At least that is what the Kentucky editor thought after he had spent one day in Ballard County, Kentucky, during March. He had gone to make two talks on co-operation before groups of farmers; but in each instance his audience asked questions until a general discussion developed as to the probable price of tobacco, the exchange value of Italian money, or what Uncle Sam could do to help the situation.

A large acreage was planted to the weed last season in Ballard

County. The growers of the weed were certain it would sell at a very fancy price, so bills were made at the grocery and other stores on that basis. Now that the market is completely demoralized and the grower is not willing to accept the price offered, the county has still in its barns about 90 per cent. of the whole crop.

Mr. Carter M. Tanner, of Ballard County, sent the writer the following letter which explains itself:

"Your letter of several days back in regard to the tobacco situation in this county is here, and I will say that it is really critical just now. The farmers are needing the money out of this crop and at the same time they are not willing to sell time at least. The acreage will be materially decreased here for the coming crop. People are beginning to see that they should grow something which can be consumed in this country. On the strength of this present condition the J. T. Polk Canning Co. has written contracts for about five hundred acres of tomatoes to be grown in this county."

HE WAS FROM MISSOURI

"I'll never get my money's worth." This was the woeful prediction of one man who joined a County Farm Bureau.

Two weeks later this man was offered 45 cents per pound for his wool. It did not seem enough; but he had only a few hundred pounds and that was all the broker would bid. He tried several other brokers, but forty-five cents was the best any of them would do for average grades.

Then the State Farm Bureau took up the matter of wool. Now it was not one man with a small offering dealing with brokers. It was many men, their interests pooled, and the large buyers came.

Through the Farm Bureau 65 cents per pound was received.

This is but a typical example of what you can expect, in actual cash return, from the marketing division of your own State Farm Bureau Federation.

Surely Kentucky can accomplish as much as Illinois.

YOU GIVE—

A nominal fee.

YOU GET—

Protection, justice, association, inspiration, satisfaction, better farming, better business, better living.

Objects and Purposes of the County Farm Bureau:

To act as a body in matters of county importance such as:

Protection against fraudulent agents.

Quarantine against livestock diseases.

Encouragement of the livestock industry.

Maintenance of soil fertility.

A larger yield of better crops.

Development and distribution of improved seeds.

A fair price for all products of the farm.

The building of good roads and road maintenance.

The exertion of a united influence on legislation.

CERTAINLY, TO BE SURE

No farmer wishes to decrease the production of crops; but will he be able to do what he should do if help is not obtainable? The Southern Agriculturist says exactly the right thing in a very few words in the following editorial:

"Reduced food production threatened," says a recent circular of the U. S. Department of Agriculture, "high wages in other industries take many people from the farm."

Certainly. The clamor about the high prices of farm products goes ceaselessly on, but farm products are the cheapest things to be bought today. The proof of this is right at hand in the fact that the farmer cannot compete in the labor market with other industries, and that the drift of population from country to town goes steadily along.

Hence the Name

"Why did you name your oil well 'Sweet Sixteen'?"

"It's a kusher."

HAPPY WOMAN REALIZES HER MISTAKE NOW

"I Would be About \$100 Better Off If I'd Taken Trutona First," Says Mrs. Brown

Louisville, Ky., May 18.—"I realize now that I'd be about one hundred dollars better off if I'd taken Trutona first, instead of trying the numerous medicines I did without getting results," Mrs. R. E. Brown, 662 South Twenty-third Street, Louisville, told the Trutona Representative recently.

"I had indigestion," Mrs. Brown said in describing her troubles. "It seemed there was nothing I could eat that would agree with me. The indigestion caused me to be annoyed with dizziness. If I would stoop over I felt I was going to fall and if I walked up stairs I'd be annoyed by black spots forming before my eyes."

"So many people spoke highly of Trutona in the papers that I decided to try it. Many of them had suffered from troubles like mine, too. I had tried medicine after medicine without results and had gotten fairly disgusted. I'll tell you. But Trutona has entirely relieved all of my troubles and I can truthfully say now, that I feel better than I have for years."

Mrs. Brown's statement should prove of the deepest interest to every one who is suffering from stomach, liver and bowel troubles. That Trutona completely relieved her troubles after other medicines failed, has been definitely stated and if Trutona will do that for one person—as a matter of fact, the Perfect Tonic has done it for thousands—it will certainly do the same for you!

Trutona is sold in Hartford at James H. Williams, and in Beaver Dam, Ky., at the Beaver Dam Drug Co. (Advertisement.)

Confusion Reigns Among Dry Kentucky Enforcement Officers

Louisville, Ky., May 17.—While prohibition officers are squabbling among themselves and confusion reigns in the forces of the department in Kentucky as the result of the mysterious visit of R. S. McKnight, field prohibition inspector from Richmond, Va., the enforcement system, which it was proposed to reorganize, is more confused than ever. Inspector McKnight said that he came here to give instructions to the enforcement officers, but Scott Isbell, chief of the Western District of Kentucky, declared that the only instructions he received was to keep silent.

This morning Inspector McKnight, United States District Attorney W. V. Gregory, Assistant District Attorney S. M. Russell and Enforcement Officers T. L. Whitaker, Michael Hogan, James Coleman and J. S. Hamilton, went into conference, but each was silent as to its meaning.

In the meanwhile, violations of the liquor law here are enforced in this manner.

S. R. Brame, district supervisor, with headquarters at Richmond, Va., has supervision of prosecution of moonshiners and bootleggers and has a force of agents in each of the five states working under him.

James Combs, Lexington, prohibition director for Kentucky, has charge of prosecution of druggists and doctors who violate the law and has his force of deputies.

Elwood Hamilton, collector of internal revenue, has charge of distillery robberies or any infractions of the law by distillers.

Wheat is now marketing at St. Louis for \$3.10 a bushel. Mr. Breaux explained, and costs \$3.15 a bushel by the time it is delivered in Louisville.

Mr. Breaux is of the opinion that flour is now as high as it will go—"at least, at present," he modified this statement, however, by saying that no one knows with certainty the direction that might be taken by or where the "run away wheat market" will stop.

Although wheat and flour and bread may be as high as they are going this season, it was pointed out, everyone connected with the industry is at a loss regarding which way to turn, now that the time of expiration of the Wheat Guaranty Act is approached. This act, provided by the Government under stress of war to guarantee to producer a minimum price for wheat expires May 31.

Mr. George E. Stephens, who has just come to Kentucky from Illinois, was selected by Governor Morrow for the important position of his private secretary.

Mr. J. W. Carr, who it is understood claims no place of residence but the good Republican state of Pennsylvania, was appointed as Director of Physical Education (whatever that may mean,) an office created by the recent General Assembly.

There are said to be numerous other instances of this kind, but those mentioned above will be sufficient to illustrate the indifference with which the Republican Party values the services of those who are proud to claim Kentucky as their native state, and the very tender feeling which Governor Morrow and those with whom he consults about appointments have for these adopted citizens from the Republican states of Pennsylvania, Illinois and Michigan.

However, in view of the influences which seem to be dominant in the Republican Party in Kentucky at this time, public criticism of Governor Morrow should not be too harsh. The self constituted oligarchy of the Republican Party in Kentucky is a man who is but a recent arrival in our state from Indiana where he was well trained in the practical school of Republican politics of that state. Mr. Hirt, having joined the Kentucky Republicanism to the Republicanism of Indiana, now proposed to annex the state of Ohio by the nomination of Mr. Richard P. Ernest who, though ostensibly a citizen of Covington, is an active member of a Cincinnati law firm, a member of clubs and other organizations in that Ohio city and naturally has his chief interests there.

Mr. Hirt with an ambition for power in the national councils of the Republican Party may be playing a subtle game in the appointments of these exotic Kentuckians at the expense of our native citizens. With a Senator from Ohio, political appointees from Pennsylvania, Michigan and other Northern states, and himself still a ruling spirit in Indiana as he is in Kentucky, that Cabinet job may yet go to its proper place.

50 CENTS BARREL

ADDED TO FLOUR

Louisville, May 17.—Another straw was added when it became known that the wholesale price of flour sold in Louisville had been increased 50 cents a barrel. This is the third increase of 50 cents in the last few weeks. Flour is now marketing at \$15 a barrel, wholesale.

Tuesday's increase does not necessarily portend an advance in the price of bread according to J. William Miller, President of the Grocers' Bakery Company. Full pound loaves of bread now cost nine cents wholesale and 11 cents retail.

The increase, G. A. Breaux, of the Ballard & Company pointed out, was necessitated by an increase in the price of wheat. Soft no 2 red

RESOLUTIONS OF RESPECT

Cervino Chapter, No. 40, O. E. S. Cervino, Ky.

Death has again entered our ranks and taken from us our beloved sister, Susan Mary Every, on April 14, 1920, age 77 years, 11 months and 3 days. While we are deeply grieved at her death, we humbly bow to the will of Him, who doeth all things well. Therefore be it

Resolved: That in the death of our beloved sister, our chapter has lost a true and noble member, and the community a most valued Christian example.

Resolved: That we extend our sincere and heartfelt sympathy to the family and friends in this, their hour of bereavement, and in the words of the poet, we say:

"Weep not that her tolls are over;
Weep not that her race is won;
God grant that we may rest as calmly.
When our work, like hers, is done.

"Till then, we yield with gladness,
Our mother to Him to keep.
And rejoice in the sweet assurance,
He giveth his loved one sleep."

Backache, lame and stiff muscles and rheumatic pains are often symptoms of deranged kidneys. "I had weak bladder, bad kidneys and liver," writes Willie Carter, Luxar, Pa. "I could not sleep well and my back pained me awful. I had a dizzy feeling in the morning. Since taking Foley Kidney Pills I have been relieved of all such ailments." They rid the system of the poisonous acids that cause aches and pains.

The readers of this paper will be pleased to learn that there is at least one decided disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally, and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

Have you forgotten to renew?

After clouds comes sunshine.
After despondency comes joy.
After sickness comes health.
After weakness comes strength.

In the spring when you're "all in"—fagged out—blood thin, if you will turn to Nature's remedy, a tonic made from wild roots and barks, which has stood fifty years as the best spring tonic—you will find strength regained. No need to tell you it's Dr. Pierce's Golden Medical Discovery, put up in tablet or liquid form, and sold by every druggist in the land. After a hard winter—shut up indoors, your blood needs a temperance tonic, a tissue-builder and blood-maker such as this "Medical Discovery" of Dr. Pierce's.

Memphis, Tenn.—"I can highly recommend Dr. Pierce's Golden Medical Discovery to any one in need of a tonic. Used to be very frail and delicate when I was young and whenever I would become exceedingly tired and worn-out I would take a bottle of Dr. Pierce's Golden Medical Discovery. It never once failed to put new life in me and restore me to perfect health."—MRS. CATHERINE SCHAEDEL.

Dependable Deering Machines

GO INTO any farming community and ask those who own Deering machines what particular feature accounts for their widespread use, and the answer will be "dependability". Ability to do the job and dependability that it will be finished on time and in the best possible shape.

That is the quality you want in your binders, mowers and rakes in these times when grain and hay are commanding top-notch prices.

Deering Binders, Mowers and Rakes in common with every unit of the Deering line, are dependable to the last bolt. This is the type of machine that enables the farmers to meet the demands for yields that will supply home needs and leave a surplus for feeding millions overseas.

When you buy a Deering machine, you are sure of International service. This service is quick and broad, meeting emergencies as they arise, in a helpful, prompt, and prompt way. Without such a service, an owner has no assurance that he will be free from costly interruptions and annoying delays.

Call and go over the Deering line. There is just the size and size of machine to meet your individual need. When you see "Deering" stenciled on a farm implement, you know you are getting the most practical, economical, and efficient machine of the kind on the market.

The Accurate Drop Corn Planter.

The real reason for using a corn planter is to save time. However, if the planter is not accurate, it would pay better to plant by hand. Accuracy in a corn planter means uniform drop—the desired number of kernels in each and every hill. If the planter is not accurate, a loss in yield will result.

Accuracy in planting has been the main object in designing the John Deere No. 999 Corn Planter. The advantage of using this planter is that with proper handling it will plant two, three or four kernels in the hill, as desired. Every one of these machines is rigidly inspected before leaving the factory.

The seed-dropping device on this planter is an improvement over all other seed-dropping devices. The John Deere No. 999 is equipped with John Deere Natural Cell Fill, Edge Delivery Seed Plates. The surface of the hopper bottom and the openings to the seed cells are oblique or sloping. The weight of the corn in the hopper causes the seed to move toward and enter the cells of the seed plate in its natural position. The kernels do not have to be tipped on edge, and, therefore, each cell is filled readily.

The Full Variable Drop Planter
The John Deere No. 999 Planter has a variable drop consisting of a train of gears constantly in mesh. With this device, two, three or four kernels can be planted as desired merely by shifting the foot lever. The gears are enclosed in an oil-tight case, and it never is necessary to remove them from this case, which is dust-proof.

The driving mechanism has this advantage over the ordinary—it never is separated. Other devices open for the hill.

BEAVER DAM

Mrs. Thomas Render who was taken to Hopkinsville Sanitarium three weeks ago to be treated, died in that institution last Friday evening. Her remains were brought to Beaver Dam, Saturday. Interment occurred Sunday afternoon at the Paxton burying ground. Funeral services were conducted by Rev. R. Mantey, of Louisville. She was a member of the Baptist church.

Those of her family who survive are: her husband, one son, three brothers, two sister and her mother.

The Commencement exercises of the Beaver Dam High School closed last Friday evening. Thirteen received diplomas. They were: Henry Porter, Loretta Crowder, Elizabeth Austin, Novla Ross, Audrey Rhoads, Paxton Casehler, Shelton Alford, Victor Willis, George Brown, Marvin Ross, Whittier Rodgers, Wallace Chick and Birkhead Barnes.

Mrs. Luther W. Clark, of Knoxville, Tenn., and Mrs. Dr. Oscar Flemer, of Hopkinsville, Ky., are visiting their mother, Mrs. A. B. Gardner this week.

Miss Nora Jackson, the music teacher, and her little sister, Sarah Lee, returned to their home in Clinton, Ky., this week.

Mrs. Charles Williams and son, have returned to their home in Cynthiana, Ky., after spending four months with her mother, Mrs. Florence Alford.

Prof. E. E. Tartar has been retained for the fall term of Beaver Dam High School. He and his wife

will leave for their home in Arlington, Ky., to spend their vacation.

Mrs. M. Hunley, who has been with her daughter, Mrs. Ike Sandefur, of Detroit, since last November, returned to her home, Sunday. She was accompanied by her daughter, Mrs. Everette McKinney and children, who were visiting in the same home.

The Baptist church has voted to hold an election for pastor on the 4th Sunday, May 23rd. They desire all members possible to be present.

The Senior class of W. K. S. was delightfully entertained in R. T. Taylor's ice cream parlor, Monday evening, May 10. Rook, music, laughter, and a number of good things to eat were enjoyed by them and their friends, the party was given for Henry Porter and Shelton Alford, members of the class.

Mr. and Mrs. R. E. Taylor and Mr. and Mrs. J. R. Williams have just returned from a weeks visit with Maj. and Mrs. John L. Lallinger, at Louisville, Ky. They are very enthusiastic about the good time they had and the extensive manner in which they were entertained.

They have much to say about the wrestling match, Friday evening, between Joe Stetcher and Hussane. They went to the derby, Saturday and toured central Kentucky, Sunday. Of course they visited all the parks and saw all of Louisville and the best attractions at the theatres, but they have so much to tell it is impossible to write it all. They heartily recommend Maj. and Mrs.

Lallinger to anyone desiring a No. 1 host and hostess.

Friday evening, May 14 was a great day in the lives of the senior class of W. K. S. At 8 p. m. the opera hall was crowded and heads leaned forward eagerly as the long line of gray gowns marched on the stage. Rev. E. S. Moore, of the M. E. church, delivered the invocation and was followed by an address by the class salutatorian, Marvin Ross.

Miss N. F. Jackson read a delightful little piece by Eugene Field, in a charming manner. The lecture of the evening was delivered by Prof. A. M. Stickles, of Bowling Green, and was one of the best of its kind we have ever had the pleasure of hearing.

Mrs. Chas. Vinson sang a solo in a sweet strong voice that one loves to hear, after which Miss Henry Porter gave a valadictory that was enthusiastically applauded.

The diplomas were presented by Prof. E. E. Tartar in that original manner of his that includes no affectation. Rev. Albert Maddox

pronounced the benediction. It is unusual to see a graduating class that numbers more boys than girls, but this class is an exception, having 8 boys and 6 girls.

The play given by Rob Roy home talent team at the opera house, here was a great success. Their leading lady, Miss Martha Sandefur won the hearts of her audience before she had spoken a dozen words, "Uncle Silas" was true as life. The supporting cast was all good, but we cannot refrain from remarking that "Arthur Featherhead" was the best characterization of a "dude" we have ever seen. If we had a desire to criticize, it would be difficult to say much on the contrary side.

Prof. H. E. Taylor, of Waynesboro, Miss., is visiting his parents, Mr. and Mrs. R. S. Taylor and his sister, Miss Alice Edmonds.

Mrs. Emmett Bryant went to Spring Lick, Saturday.

Mr. J. D. Canan went to David-

son, Friday, to see his daughter, Mrs. Carson Duncan.

Mrs. George Crume went to Beaver Dam, Saturday, to visit friends and relatives.

J. F. Paholski and L. W. Wolf, of Camp Taylor, were here last week, getting recruits for the army.

Emmett Bryant and Miss Gladys Peyton, of Horse Branch, took a notion to jump into double harness on Wednesday May the 12th. The operation took place at Leitchfield.

Returning Thursday night with a host of friends, they pulled off a big dance at the home of Kate Smith. The several young folks from near by towns were sadly disappointed when they learned that the fiddlers had gone to a prayer meeting and couldn't be had until prayer services were over, which was sometime because of Rev. Chandler, who happened to sneak in and prolong the services for another hour, which was to the disappointment of the sad line-up waiting at the place appointed for the dance. Joy finally came in the music's sweet

refrain, "All hands up and circle left." The dance continued, until the early morning hours, when the dancers quietly returned to their respective places of abode to slumber in sweetest blissful dreams. Requiescat in pace.

Some say Johnson's going to get it, some say Lowden's going to get it; some say Wood's going to get it; some don't know who'll get it—its going to get it. It's doubtful if any of the three gets it.

Several oil men have been around Horse Branch lately with a view to starting drilling operations.

Mose is still at the bat and Jerry on deck Curt Bean is umpire.
